

INNOVATIVE DESIGN FEATURES

Like the Polynesian catamarans built years ago, the Shangri-La slips on and off the beach with ease and the front loading ladder makes it easy for guests to walk on board. Two large swim steps in the stern make water entries and exits a breeze at snorkel and dive sites.

SHANGRI-LA

LAHAINA • MAUI • HAWAII

Welcome to Shangri-La - where innovation meets with tradition aboard this 65' luxury sailing yacht. It would be our pleasure to custom design your

dream charter with impeccable standards of hospitality, service and cuisine. Shangri-La offers a unique Hawaiian Island experience that cannot be equaled anywhere in the world.

The Shangri-La main salon is spaciouly arranged and furnished with detail and harmony. Featuring a semi circular cushioned settee and oriental carpets providing a touch of class as well as comfort. Behind the settee the salon is decorated with art pieces reflecting our mermaid motif and a rare shell collection. The galley features a full size convection oven and Corian counter tops with built-in refrigerator and freezer.

Relax with a refreshing drink on the shaded aft deck with plush couch style seating and beautiful teak cocktail tables. While sailing the tradewinds or resting at anchor, indulge yourself on the four queen size mattresses with pillows located forward on the two large trampoline nets.

Join the Captain at the helm and learn about sailing and navigating with GPS and radar. Get a great tan while lounging on the custom 81 square ft. mattresses located on the upper deck just aft of the helm, while enjoying surround sound music.

The four staterooms located below are accentuated with oil paintings of Maui's marine life and Hawaiian print bedspreads in soft colors. The bathrooms are clean and functional with electric flushing toilets
